ABOUT THE COMPANY

USHA Engineering Services (P) Ltd. is a consulting company established and registered as USHA Engineering services in October 02, 1991 to provide high quality professional services. This Organization was registered in the Department of Industry, HMG/Nepal as per the private firm Registration Act 2014 of HMG/ Nepal with registration No.12860/048. Its head office was at New Baneshwor, Kathmandu, Nepal (Presently shifted to Sewa Path, Bhairahawa, Nepal). It has been registered as Usha Engineering Services (P) Ltd. in the Office of Company Registrar on August 09, 2001 with Private Registration No.-16271/058/59. Since then, it is rapidly growing as a notable consulting company in Nepal with engagement in various professional services. . The establishment of the company took place during the time when consulting business had just started in the country. UESPL, therefore, takes pride to be one of the pioneering firms in the development of Consulting Industry in Nepal. Gradually, the increase in the scope of consulting services in various development sectors lead to the realization of multidisciplinary approach and thus UESPL began with the diversification of consulting services into various fields of engineering, like architectural design, structural design, interior design, geo-technical investigation, environmental studies, surveying, etc. as well as research related services. UESPL has its head office at Sewa Path, Bhairahawa.

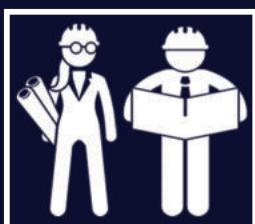

OUR OBJECTIVES:

- To avail consultancy services in the field of architecture & civil engineering.
- To provide and promote engineering development and arrange seminar, training, orientation, on job site training.
- To conduct research in the field of engineering.
- To conduct research on the quality and specification of construction materials and workmanship.
- To make valuation of fixed and mobile assets situated at any place of the nation.

DELIVERING HIGH QUALITY, EFFECTIVE, AND INSPIRING BUILT SPACE

PLAYING AN IMPORTANT ROLE IN LEADING THE NATION TOWARDS DEVELOPMENT

SISTER ORGANIZATION:

Bhakta Engineering Services, Sewa Path, WN-5, Siddharthanagar is the sister organization of this company. It was established on August 21, 1996 AD. It was registered in the Cottage and Small Scale Industry Office, Siddharthanagar, Rupandehi, Nepal as per private Firm Registration Act 2041 of HMG/ Nepal with registration No.-1380/054.

The main purpose of the firm is to provide consultancy services in the field of Civil Engineering.

MESSAGE FROM OUR MANAGING DIRECTOR

WELCOME !

UESPL has served a wide variety of clients including the numerous ministries, departments and other corporate entities in the country. UESPL's technical and administrative staff have ample experience collaborating with experts from expatriate consulting firms and have thus gained the capacity to deliver high-quality international standard outputs that validate state-of-the-art and cutting-edge technologies. With the experiences all around, a wide variety of professional obligations have strengthened our ability to manage all the tasks effectively according to international standards.
